WHY EASEWE?

The COVID-19 emergency has severe socio-economic consequences, with deeper effects on weaker targets and structurally more fragile sectors.

The partnership EASEWE aims to contribute to the restart in the cultural and creative field by encouraging self-entrepreneurship of migrant women in the sector, increasing their employability with tools that strengthen digital and entrepreneurial skills aimed at self-employment and business creation.

#1

To support the work of Adult Educators by developing a process of entrepreneurship education.

#2

To support the discovery of self-entrepreneurship by immigrant low-skilled women and to improve their entrepreneurial spirit.

#3

To support the access of immigrant low-skilled women to entrepreneurial and technological trainings.

#4

To share and spread information and good practices in the entrepreneurial education field and of immigrant women entrepreneurship.
